

LITC Application Data Model

The purpose of this document is to show the Date Model for the Low Income Tax Payer Clinic (LITC) Salesforce Application.

Low Income Taxpayer Clinics (LITC) assist low-income individuals who have a tax dispute with the IRS, and provide education and outreach to individuals who speak English as a second language (ESL)

In this context, the Salesforce application is a system built to help the IRS manage and track the operations, cases, and reporting needs of LITCs efficiently.
